

(A)

My name is Cora Lee Jckowski. I am running as a Democratic candidate for the Utah State Senate seat in District 6. I believe I am well qualified to serve the constituents of West Jordan and Taylorsville. I have lived in West Jordan for the past thirty years and I share your concerns and needs.

My husband and I have been married for thirty-seven years. We have two children and two grandchildren.

I have been an educator and administrator for thirty-eight years, serving students, parents and teachers. I hold a B.S. from the University of Utah, a M.A. from Brigham Young University, and an Educational Administration Certificate from Utah State University. I have worked as a classroom teacher, foreign student advisor, English as a Second Language (ESL) coordinator, vice principal and principal. I was elected ESL Teacher of the Year for the state of Utah in 1986. I have received other awards for educational excellence.

I have served as a Co-Chair of West Jordan's Sister City Committee and was a member of the West Jordan Crime Prevention Board.

I want to serve the District's citizenry, making it a safe, healthy, and economically viable place to live. Please vote for me.
