

Name: Tanya Taylor

Office: State Representative

District: 3

E-mail address: [tanyataylor777@yahoo.com](mailto:tanyataylor777@yahoo.com)

Website: in progress

Age: 58

Occupation: Educator

Residence: Lewiston

Years at residence: 22

Qualifications: I am honored to have the opportunity to run for the office of State Representative. I believe I can honestly represent my constituents and will not be influenced by party affiliations or other outside sources. I am holding public meetings in all of the towns I would represent in order to offer everyone a chance to present their concerns and needs.

I am an educator that spent many hours in various classrooms as a substitute teacher. I saw the need and void in our classrooms and would like to ensure the best education possible for our students.

I have also been a single parent for 30 years and understand the need for affordable health care. I worked for small businesses that did not offer insurance and for companies that offered unaffordable insurance. I believe everyone has the right to affordable health care.

I also believe in accountability in dispersing the taxpayers' monies. This includes government agencies and educational institutions.

I would like to see limits imposed on campaign spending. Those that would best represent me are often prevented from running for office due to limited finances.

I will represent those that I serve in a way that will allow me to be accessible and approachable. I want to be the voice of the people.
