I am committed to maintaining the high quality of life that we, as Utahns, have always enjoyed, including a clean environment, a vital education system and a vital economic climate.
- I attended Utah public schools throughout my education, obtaining my juris doctorate from the University of Utah Law School. I am committed to the idea that a quality education that is accessible to all Utah citizens is one of the fundamental functions of government. We must do whatever is necessary to maintain the traditional high quality of education in Utah, while working to address the problems facing Utah schools in a realistic and pragmatic way.
- I am a Utah small business owner. I am the sole proprietor of a small law firm which employs 3 full-time and 2 part-time people. I understand the concerns and needs of individuals trying to realize the dream of owning and developing businesses in Utah.
- My law practice focuses on assisting individuals whose health, disability and life insurance claims have been wrongfully denied. I work with individuals every day who are rank and file Americans. Every Utah citizen should have access to affordable health care and I am committed to working with my fellow legislators to ensure that this becomes a reality.
