Qualifications:

My husband, Alex, and I love living in Utah – we are proud to be residents of this great state. My own parents happily make their home in Logan. We all appreciate Utah for its natural beauty and its economic, cultural and recreational opportunities.

However, Utah faces increasing challenges. Housing starts have leveled and job growth has slowed. Utah now ranks ninth (9<sup>th</sup>) in home foreclosures. Poverty rates are climbing and demand on local food banks and charities is growing. Public education remains under attack and our schools continue to suffer from insufficient funding and support. Much of our air and water is polluted. Many residents lack access to quality health care or affordable health insurance.

Many of us have little, if any, confidence in the integrity and effectiveness of our own representatives. Indeed, our state legislature may not be equipped to help us meet and successfully navigate the challenges we face.

A proponent of “smart, responsive leadership”, I believe my personal history, educational background, community involvement and experience, work ethic and record of achievement make me uniquely qualified to run in and to serve the residents of District 53. Thank you for your consideration – I welcome your support.
