

Name: 'Alama 'Ulu'ave.

Office: Salt Lake City School District, Board of Education Member, (Precinct #2)

District: Salt Lake City School District, Board of Education, (Precinct #2)

E-mail address: alama2@gmail.com

Website: No website.

Age: 50 years young.

Occupation: Disabled, SLCSO Board Member.

Residence: Salt Lake City, Utah. (Westside)

Years at residence: 22 years

Qualifications: I have raised seven very successful students on the West side of Salt Lake City. in schools that were dismissed as unsafe, gang infested, impoverished, academically inferior, without parental or community support, high drop out rates, and basically no hope for a better future. Over twentytwo years of being involved as parents in the daily education of my children has taught me to "sweat". You have to earn (work for) your education. And personal responsibility is the begining point of student learning.

Before my disability, I was a maintenance specialist operating physical facilities at the University of Utah, an, information consultant for Quality Life, LLC., and a Math major (4yrs no degree), fluent with Microsoft Office. I am a former board member of the Poplar Grove and West Salt Lake Neighborhood Community Councils, member of Mobile Watch, Religious leader in the Tongan community for 15 years (involved with 400 plus youths, in scouting, as an education specialist, (taught parenting classes in Tongan to 100 parents), and knows some 7,000 young single adults and adults in the Tongan community). ..

Currently I am a board member of the National Tongan American Society, Transportation Advisory Board (SLC), and Neighborhood Works of Salt Lake City, My participation affords me the opportunity to work with various agencies, ethnic communities, or organization. Former chairman of the Utah Health Department Ethnic Health Committee.

As parents to seven students my wife and I have never missed a parent-teacher conference in 13 years for each of our children attending schools in Salt Lake City, Utah..
