Age: 55

Occupation: Farmer/Rancher

Years at residence: 55

Qualifications: I was appointed to fill the last two years of Dennis Stowell's term on the Iron County Commission as he was elected to the State Senate. During my 20 months of service I have gained a tremendous amount of experience and developed relationships with officials in City, County and State government that will help me continue to serve in an effective manner. There is a steep learning curve for anyone coming in new and I have rounded the corner and would appreciate the opportunity to continue to serve. I have been a business owner/operator in the private sector for the last 33 years. The success of my business affords me the time to serve in this position. I am a fiscal conservative who knows how to do more with less. I served as Iron County Farm Bureau President for 12 years working hard to maintain the ability to provide food and fiber for the people of this great nation. I have always been politically active as my livelihood is continually under attack by those who don't understand what it takes to be a producer. I ask for your vote and I will produce for you.
