

To the office of the Lieutenant Governor,

9 August 2008

On Saturday 9th of August I tried to submit this form via email but the address wasn't found on the internet. So here it is by fax. I hope there is not a problem with the website and/or the email address. Thanks, Kathy Robison

kathy4cache.com

51 years old

Homemaker, County council member

Logan

33 years residency

After graduating from Ricks College I came to Logan and graduated from Utah State University. My husband, Ray, and I met at USU, and have been residing in Logan for the last 33 years. We have two children. When I need a variety from politics I perform with the Cache Community Band and the Logan River Brass Quintet, accompany my daughter on the piano for her violin solos and sing with the church choir. Some other opportunities for service I've had were: PTA president at our elementary school, Neighborhood Council Chair for Logan City, 2020 Vision Task Force member for Logan City, Logan District PTA Board and various Church positions.

This is my eighth year on the Cache County Council and I am seeking a third term. Some of the things we have accomplished are: hiring a new water manager for the County to protect our interests at the state level, the formation of an Agricultural Advisory Board to assist in making decisions about land use, a self sufficiency program to help families of victims of domestic violence, formation of a mental health court, and getting more County information online.

I currently chair the BRAG Human Services Board and Housing Authority Board, I also chair the BRAG Tri-County Homeless Task Force Committee, serve on the Logan Downtown Alliance Board of Directors, Cache County Fair Board, Countywide Library Committee, County Library Board, Cache Republican Women Executive Board, Downtown Alliance Design Committee and other community committees.

Thanks to all those who expressed their confidence in me the last two terms by voting. I hope to continue to earn your confidence this next four years.
