Actively involved in my Church

I'm a concerned citizen of Box Elder County. I want to help at the grassroots level to solve problems in each of the geographical areas of the county by supporting present and future actions that restore and protect the rights and well being of you, your family, and your fellow citizens.

I will be wise and frugal with the taxpayer's money, and work with people in the county to find the best solutions possible.

I would like to see policies that protect customs and cultures in our county such as wildlife, etc

Protect property rights.

Fair taxation and fees for small businesses

We need to protect the decency and moral fiber of our county by establishing a community standard.
