1. **Cut property taxes and other fees:**

I believe individuals should keep more of their money.

2. **Cut city spending:**

Essential services should be delivered in the most affordable manner. City spending should be cut by at least 10% across the board, now. I won't support any debt increases or frivolous projects.

3. **Reduce city controls and regulations:**

Individuals should have greater rights concerning their individual property. I will work to repeal the sign ordinance and other extremely intrusive ordinances.

4. **Stimulate and expand business opportunities:**

Businesses should be facilitated and welcomed. Creating job opportunities and sales tax revenue is one way to reduce fees and property taxes paid by strapped families.

5. **Make city government completely accountable and transparent:**

Minutes and audio/video recordings should be posted on the city website to reduce conflicts of interest and abuses of power.

My Oath: To uphold and protect the individual rights of the citizens of
Highland.
