I am a very effective leader on Capitol Hill. During the 2010 legislative session, I passed all four of the bills I sponsored. Not many legislators Republicans or Democrats can claim to have a 100% bill passage record. Additionally, I was the Senate sponsor of nine House bills - all of which passed the Senate and were signed by the Governor. Finally, I was asked to co-sponsor two bills introduced by Republican Senators - both of which passed.

I have the ability and leadership qualities to tear down the walls of political partisanship. As mentioned, I was the Senate sponsor of nine House Bills - 5 of which were sponsored by Republican House members. This indicates my colleagues, both Republican and Democrat know I am effective and can get things done for them, the State and my constituents.

I am the mother of 2 children Paul (Jana) and Jamie (Trever) and the proud grandmother of 5 grandchildren. As a life-long West Side resident, I know the concerns and issues affecting our West Side. I am and always will be a trusted and proven voice for the West Side.
